William H. Baumer  
Major General, AUS Ret.  
P.O. Box 1045  
La Jolla, California 92038

Dear General Baumer:

Thank you for the information that you provided me regarding the work being performed by Latsec, Incorporated. I have asked my Office of Logistics, Procurement Management Staff, to contact you and obtain from you additional information regarding the specialized translating capabilities of Latsec. When this information is received, it will be distributed to our various components which may have a requirement for computerized translation of language.

Your best wishes and offer of support to this Administration are appreciated.

Sincerely,

William J. Casey  
Director of Central Intelligence

*Bill - Appreciate your thinking about our language problem - In addition to meeting them later, I will see what we know about their capability and if you or the Latsec people should wish to discuss this with our language training group you would be welcome*

*WJC*

William H. Baumer, Major General, AUS Ret.
